In RE:

Michael Shores  
Debtor,

Case No.: 19-60567  
Chapter 12

**CHAPTER 12 PLAN DATED August 26, 2021**

**ARTICLE I  
ADMINISTRATIVE PRIORITY CLAIMS**

The Chapter 12 trustee shall make application to the Court for approval of trustee's fees and for any reasonable and necessary expenses of the trustee in effectuating the trustee's duties under the Bankruptcy Code in administering this case. The debtor(s) shall pay an amount equal to five percent (5%) of all payments disbursed by the Chapter 12 trustee as an estimated payment and the trustee shall hold the fee until the trustee's fees and expenses are applied for and approved by the Court. Once the trustee's fees are approved, the trustee shall pay them.

**GENERAL TERMS**

The debtor shall file monthly reports with the office of the chapter 12 trustee, provide annual tax returns along with a summary of operation.

All creditors shall be allowed to file 11 U.S.C. Sec. 506(b) claims. All claims are subject to review by the Bankruptcy Court prior to and after a confirmation order is entered. The debtor is proposing a 100% distribution to unsecured creditors. If there are excess funds in the account, the money shall be paid to the unsecured creditors. The term of this plan shall be five years.

**ARTICLE II  
CLASSIFICATION OF CLAIMS AND INTERESTS**

CLASS 1: Star Bank

CLASS 2: John Deere Financial

CLASS 3: United States Department of Agriculture ("USDA-FSA")

CLASS 4: Velde Moore, Ltd.

CLASS 5: Unsecured Creditors

CLASS 6: Christine Shores

## ARTICLE III

### CLASS 1

Class I consists of the claim of Star Bank which consists of five loans that are cross collateralized against real property and chattel property. According to the claim filed by Star Bank on October 22, 2019 the amount owed (including principal, interest, and late charges) totaled \$1,446,788.35. Star Bank is an over-secured creditor and shall be allowed a claim under 11 U.S.C. Sec. 506(b) for post-petition interest, late fees, reasonable attorneys' fees and costs. Debtor's objection to Star Bank's claim shall be withdrawn. Star Bank has not yet disclosed its costs, attorneys' fees and post-petition interest.

#### **Elements of Confirmation under 11 U.S.C. Sec. 1225(a)**

##### **1225(a)(1), (2), (3), (4) and (7).**

The debtor's plan complies with the provisions of chapter 12 and the debtor has paid all fees, charges, and amounts required under chapter 123 of title 28. The debtor's plan has been proposed in good faith and not by any means forbidden by law. The debtor is proposing to make a 100% distribution to his unsecured creditors, such that they will receive the same treatment as if this bankruptcy were to be filed under chapter 7 of this title. The debtor is not obligated to pay any domestic support obligations.

##### **1225(a)(5)**

This provision allows the debtor's plan to be confirmed, if his secured creditors have: (1) have accepted the plan, (2) the plan proposes to pay the creditor the present value of its claim, (3) the debtor surrenders the collateral to such claim holder. .

The debtor proposes to split Star Bank claim into real property and chattel claims. The real property claim shall be \$1,208,025.00 or 65% of the value of Star Bank's real estate collateral. The remaining balance owed to Star Bank (\$238,763.35) shall be allocated to machinery, cattle, crops, equity credits, and other chattel which have a scheduled value of \$639,581.89 or 37.3% loan to value. It should be noted that these obligations will continue to be cross-collateralized notwithstanding the bifurcation of their payment. Thus, the entire value of the collateral against the claim's loan balance is 57.9%.

The debtor proposes to grant the Bank an interest rate of 1% over prime, with a floor of 5.75% to pay the present value of its claim. This interest rate is justified given the value of collateral versus the size of the Bank's claim. Further, the Bank's claim is secured by the debtor's farm land which alone would provide a loan to value of 77.8%. The farm land in the debtor's area is not depreciating in value and will likely appreciate in the future.

The debtor proposes to pay the real estate portion of his obligation on a twenty-five year amortization. (Loan #2550 for \$800,000.00 had a five year balloon, but was amortized by the Bank for 25 years.) The debtor proposes to pay the chattel loan over a seven year amortization, excluding any portion attributable to post judgment interest and attorneys' fees, which shall be paid with the balloon. Both the real estate and chattel portions of the obligation will balloon five years after confirmation. This balloon is also offered in recognition that Notes #2553, #2560, and #2561 had one year balloons and were not meant to be long term obligations.

The first annual payment will occur one month after confirmation on the third Friday of the month in 2020.

This first annual payment will be \$100,000.00 to the Bank and \$5,000.00 for Trustee Fees. The unpaid balance of \$35,037.61 shall be paid when the note balloons according to the terms of this plan. Payments in subsequent years shall be as listed below. The debtor and Bank will cooperate in good faith to determine how checks number \*\*7192, \*\*7678, \*\*8524 and \*\*6974 were applied at the Bank. The parties agree to reserve the issue of the Bank's 11 U.S.C. Sec. 506(b) claim. The parties agree to a mutual release of all claims, except for claims regarding the proper crediting of checks number \*\*7192, \*\*7678, \*\*8524 and \*\*6974. Notwithstanding the foregoing, nothing contained herein shall impair the Bank's rights under this plan, the documents to be executed in connection to this plan, or the underlying loan and collateral documents in the event that there is non-performance under this plan by debtor. The \$105,000.00 was paid.

Annual Payment	Trustee Fee	Total Plan Payment
Real Estate 92,266.74	4,613.33	96,880.07
Chattel 42,770.87	2,138.55	44,909.42
Total 135,037.61	6,751.88	141,789.49* see above paragraph

After the first annual payment is made, the debtor shall follow the following payment schedule beginning with the 2021 annual obligation and continuing with the 2022 annual obligation on the same dates and in the same amounts:

Due Dates for 2021	Payment	Trustee Fee	Total Payment
October 31, 2020	\$9,500.00	\$500.00	\$10,000.00, paid
December 31, 2020	\$57,000.00	\$3,000.00	\$60,000.00, paid
March 31, 2021	\$19,000.00	\$1,000.00	\$20,000.00, paid
May 31, 2021	\$49,537.61	\$2,251.88	\$51,789.49*
Total for 2021	\$135,037.61	\$6,751.88	\$141,789.49

\*The May 31, 2021 payment shall be paid with the October 31, 2021 payment, otherwise the payment schedule shall be unmodified.

The balloon payment of all remaining amounts owed by debtor to Star Bank, including the 506(B) payment, will be due the third Friday of the month five years after confirmation.

Real Estate Balloon:	\$1,080,109.52
Chattel Balloon:	\$77,993.59
Deferred Confirmation Payment:	\$35,037.61
506(b) Balloon Claimed by Star:	to be determined.

### **1225(a)(6)**

This provision is commonly referred to as the feasibility test. In determining whether a plan is feasible, the Court should view the debtor's predictions based on objective fact and not wishful thinking, see In re Clarkson, 767 F.2d 417, 420 (8<sup>th</sup> Cir.1985); citing In re Bergman, 585 F.2d 1171, 1179 (2<sup>nd</sup> Cir.1978). The Court should consider the farms earning power, the sufficiency of capital structure, economic conditions, managerial efficiency, and whether the same management will remain in place. Id., citing Great Northern Protective Services, Inc. 19 Bankr. 802, 803 (Bankr.W.D. Wash.1982). The bankruptcy court should approve a plan if it appears reasonably probable that the farmer will be able to pay the restructured secured debt over a reasonable amount of time, at a reasonable rate of interest, in light of farm prices and farm programs as of the date of confirmation, see In re Ahlers, 794 F.2d 388, 391-92 (8<sup>th</sup> Cir. 1986).

The debtor's attached cash-flow projections encompass 2019, 2020, and 2021. The cash flow projections were drafted by the Center for Farm Financial Management through the University of Minnesota and use the real production costs of the debtor, the debtor's historical yields, and actual market price projections to determine the debtor's cash flow projections. This information is the best prediction available given the actual and projected forecasts in the agricultural sector.

The debtor has every reason to believe that he will be able to obtain in-put financing from his past providers since their accounts will be brought current upon payment by the trustee after confirmation (see John Deere Credit, Ashby Equity Association, Pro Ag, and Wheaton-Dumont Coop Elevator claims).

### **Default Provisions**

- A. Non-Monetary Defaults. All of the following shall be considered non-monetary defaults that entitle Star Bank to the relief specified below:
  1. The debtor has a negative balance in his debtor in possession account.
  2. The debtor is served papers in a civil lawsuit and he fails to notify Star Bank immediately. Being subject to a lawsuit is not a non-monetary default, but if the debtor is fourteen days from the date upon which a judgment may be entered

against him, in an amount in excess of \$10,000.00, then a non-monetary default has occurred.

3. The debtor fails to provide a copy of his monthly operating reports to Star Bank as they are provided to the Office of the Chapter 12 Trustee or fails to provide Star Bank with a copy of his monthly bank statements for his debtor in possession account by the 10<sup>th</sup> day of the following month.
4. The debtor fails to secure an operating loan for any applicable crop year which is approved by the Court before July 1 of that year (except for 2020, given that financing has already been obtained).
5. The debtor sells any assets out of trust.
6. The debtor fails to pay real estate taxes when due.

Non-monetary defaults shall not have a cure period.

B. Monetary Defaults. The following shall be considered a monetary default that entitles Star Bank to the relief specified below:

1. The debtor fails to make a payment by the applicable payment date, or within 15 days thereafter.

C. General Default Provisions

The debtor, and his non-filing spouse, shall execute a deed in lieu of foreclosure for the real property secured by Star Bank's mortgages within 14 days of plan confirmation. The debtor shall also execute a bill of sale for his farm machinery and livestock within 14 days of plan confirmation. Failure to execute said documents by the debtor within 14 days of plan confirmation shall be deemed a default under this plan. It shall also be a default under the plan if the debtor's estranged spouse has not executed said documents within 14 days of plan confirmation, unless by that time debtor has initiated legal action in the appropriate court to compel her to sign the agreed to deed in lieu of foreclosure and bill of sale, with said legal action being pursued expeditiously, promptly and in good faith. The Bank, at its option, may also pursue its own legal action if she refuses to sign the deed in lieu and bill of sale, and nothing contained herein shall be deemed a waiver of any claims against debtor's wife in the event of default or non-performance.

The deed in lieu of foreclosure and bill of sale shall be held in escrow by Old Republic Title Company. If the debtor defaults, and any applicable cure period has elapsed, the debtor shall have 60 days from the date of default to enter into a commercially reasonable purchase agreement for his real property secured by Star Bank, under terms acceptable to Star Bank. The debtor will have 60 days to close from the end of the initial 60 day period. The debtor may also sell other collateral during the 120 day period, under terms acceptable to Star Bank, to reduce the balance owed to Star Bank. If Star Bank is not paid in full within 120 days of default, and a

purchase agreement has not been signed for the sale of real property within 60 days after default, or if the sale contemplated by any purchase agreement does not close within 60 days after execution, Star Bank may record its deed in lieu of foreclosure and act on its bill of sale. Star Bank will be able to lift the stay to enforce this provision upon affidavit of default and non-performance and the debtor will not contest and motion for relief from the stay filed by Star Bank pursuant to this paragraph.

### **General Provisions**

Upon confirmation, Star Bank shall sign all livestock and crop checks being held by the debtor, and shall release its lien on unsold crops. The trustee shall concurrently make the first scheduled payment to Star Bank.

Star Bank agrees to subordinate its security interest in only the debtor's 2020 crop to his 2020 operating lender upon confirmation that the loan will be made. Notwithstanding the foregoing, Debtor shall make the operating lender aware that it will be expected to ensure that Star Bank receives all commodity checks pertaining to 2019 (or earlier) crop, in the event that said lender files a CNS financing statement and is named on the check by virtue of said filing.

Star Bank's collateral interest in the debtor's real property and chattel are not being modified by this plan. The debtor shall be allowed to sell or trade machinery with the prior consent of the Bank, and the Bank will have a replacement lien on equipment sold or traded. The bank shall also possess a lien against post-petition capital improvements to the real property. The Debtor will maintain property insurance with Star Bank named as a loss payee. The Debtor will pay all real estate taxes as and when due.

### **CLASS 2**

Class 2 is comprised of John Deere Financial. John Deere possesses a purchase money security interest in a JD 323 Skidsteer and a JD 568 Baler. The debtor will continue to make payments on both loan obligations directly to John Deere Financial under pre-petition terms.

### **CLASS 3**

Class 3 is comprised for USDA - FSA. The Debtor does participate in FSA programs and shall assume all contracts and programs with FSA. The Debtor shall not be precluded from applying for all farm programs administered by Farm Service Agency in the future.

## **CLASS 4**

Class 4 is comprised of Velde Moore, Ltd.. Velde Moore, Ltd will be paid \$200.00 an hour for its pre and post-petition services and shall file periodic free applications for amounts due. The first annual payment will be paid to the trustee on one month after confirmation on the third Friday of the month, and the debtor will continue to do so during the course of this plan.

Annual Payment	Trustee Fee	Total
\$3,000.00	\$150.00	\$3,150.00

## **CLASS 5**

Class 5 is that of all unsecured creditors. The debtor proposes to withhold each year sums of money for reasonable and necessary expenses to preserve and continue the debtor's farm operation as authorized under 11 U.S.C. § 1225(b)(2)(B). Such expenses include, but are not limited to, purchases of capital improvements, machinery and equipment. The amounts described herein shall not exceed \$5,000 per year and shall not exceed \$15,000 in accumulated capital improvement reserves over the course of the plan. Any amounts held by the debtor four months prior to discharge shall be turned over to the trustee for distribution to unsecured creditors if there are outstanding unsecured claims.

The debtor shall commit all disposable income to the completion of the plan, the duration of this plan shall be five years. The Debtor shall make a 100% distribution to all unsecured claims totaling \$124,408.50 (this includes the filed claims and that of the Ashby Equity Association for \$63,000.00).

The first annual payment will be paid to the trustee beginning on or before December 31, 2021.

Annual Payment	Trustee Fee	Total
\$31,102.13	\$1,555.11	\$32,657.24

## **CLASS 6**

Class 6 is that of Christine Shores, the spouse of the debtor. Dissolution papers were served prior to the debtor filing for relief under chapter 12. The dissolution has been stayed during the chapter 12 bankruptcy. Ms. Shores also filed an adversary proceeding against the debtor to have his confirmation order revoked. The parties agreed to mediation as part of the adversary proceeding and have come to an agreed settlement. In consideration for retention of the farm real property, the farm business assets, and the debtor's personal property, the debtor has agreed to transfer the following property of the estate to Christine Shores:

- a. The parties will sell their joint interests in their homestead to their adult son, Darren Michael Shores, from which Christine Shores will receive \$225,000.00;
- b. The debtor will assign his 1/6 interest in the Rose Shores Final Structured Settlement Plan. The debtor's interest is worth \$160,408.23 without any discount for current value;

- c. 2005 Chevrolet Colorado;
- d. Knights of Columbus Life Insurance Policies: #XXXXXX7356, #XXXXXX7357 and #XXXXXX0645;
- e. Half interest in the farm's capital credits as valued on July 31, 2021;
- f. Firearms: \$1,075.00 in approximate value depending on firearms selected by Christine Shores.

#### **ARTICLE IV** **LIQUIDATION ANALYSIS**

The Liquidation Analysis as required under Section 1225 (a) (4) is attached as Attachment A. This analysis represents the values as a result of using the Minnesota exemptions.

#### **ARTICLE V** **EXECUTORY CONTRACTS**

The debtor does hereby assume and agree to continue any and all executory contracts with USDA, and Vincent Johnson from whom the debtor rents tillable acres.

#### **ARTICLE VI** **FARM INCOME AND EXPENSES**

The debtor shall satisfy the obligations of this plan through income from farm income, see attached cash flow projections. The debtor's personal living expenses shall be limited to \$20,000.00 per annum as reflected in the debtor's bankruptcy petition, schedule J.

#### **POST-PETITION CREDITORS AND SUPPLIERS**

The debtor shall administer contracts on all post-petition contracts outside of the plan.

Dated: August 27, 2021

/e/ Michael Shores
